

Kevin E. Snyder, M.D.

Kevin E. Snyder, M.D. is a musculoskeletal radiologist at Center for Diagnostic Imaging (CDI).

Dr. Snyder completed his musculoskeletal imaging fellowship and diagnostic radiology residency at the University of Virginia. While there, he served as chief resident in radiology. Dr. Snyder also completed an internship at the Presbyterian Medical Center of the University of Pennsylvania. He received his medical degree from Temple University School of Medicine in Philadelphia, PA and graduated Magna Cum Laude with a BS in neuroscience from the University of Pittsburgh, PA.

Dr. Snyder has significant experience and expertise in diagnostic and therapeutic injections (DTI) procedures as well as Magnetic Resonance Imaging (MRI) scans of the spine, joints and bones. Active in the medical community, Dr. Snyder served as executive committee member of the resident physician section of the American College of Radiology. In addition, he was the coordinator as well as a case study contributor for Applied Radiology Online, an Internet site providing up-to-date medical technology and clinical information to radiologists and medical professionals.

Certified by the American Board of Radiology, Dr. Snyder's professional affiliation includes the American College of Radiology.
